

October 5, 2020

Dear Parent/Guardian of a grade 7 student,

With the interruption in the 2019/2020 school year due to Covid-19, our grade 6 students were unable to complete their school immunizations. AHS has a plan in place to catch up our current grade 7 students in the school that they currently attend. If your child received immunizations in school with a signed consent form, our team will ensure that your child completes their immunizations this school year. There is no need to re-sign a consent form nor do the students need to restart vaccine series due to the interruption of last year's immunization schedule.

Your child's school is scheduled for immunizations on October 13<sup>th</sup>, 2020. Attached is the link to the Care After Immunization information:

If you have any questions or concerns, please call your school nurse at 780-459-6671 (choose 3 from automated menu).

Kind regards,

Your St Albert School Health Team
